RE: LANGLEY PROJECT  
Drawings

Mr. Ralph C. Bauer  
Construction Engineer  
P. O. Box 117  
McLean, Virginia

Dear Mr. Bauer:

We have sent to you by separate first-class mail fifteen (15) copies of Structural Information Sheet No. 44-21.

These revisions were required to accommodate the 4" Cornerstone which the Contractor is furnishing at no additional cost in lieu of the 2" cornerstone shown on Contract Drawings. The work involved to set the cornerstone is also to be at no additional cost.

The dimensions shown on the drawing for location of cornerstone in addition to superseding Structural Drawing 7-76 also supersede dimensions shown at Section Y-Y and Y2-Y2, Drawing 5-44. The back of the cornerstone should be painted with waterproofing mastic prior to setting, to prevent stains from penetrating to the stone face.

Very truly yours,

HARRISON & ABRAMOVITZ

Carl W. Holmes
